

# SUSDEVALUES

SEPTEMBER 2023, Newsletter N.3

## The project SUSDEVALUES

In an era of shifting values due to social changes and globalization, SUSDEVALUES, a two-year Erasmus+ project, seeks to understand the psychological nature of values and their variations across demographics like gender, education, religion, and age. We align with Erasmus+ priorities, focusing on common values, civic engagement, and inclusion.

Our mission is to empower adult educators to inspire common values among diverse groups for personal and professional growth, benefiting individuals and their families. Join us in our journey to explore and integrate values for a more inclusive Europe. Stay tuned for updates from SUSDEVALUES.

## Second Transnational Project Meeting

The second transnational project meeting was held in Bursa, Turkey. The host organization, Avrasya Yenilikçi Toplum Derneği, graciously hosted the project partners on September 12th and 13th at their office, conveniently situated near the city's university. The primary objectives of the meeting were to review the current project outcomes and to strategize for the forthcoming phases.

### Name of the project

Sustainable development of society through reassessment of values

### Number of the project

KA220-ADU-49369AE5

### Facebook Page

@susdevalues.project

### Website

<https://susdevalues.com/>

## Project Partners

- Latvia: *Grobinas Pieauguso izglitibas centrs* [www.grobinaspic.com/](http://www.grobinaspic.com/)
- Austria: *VAEV Research and Development Agency* [www.vaev.at](http://www.vaev.at)
- Turkey: *Avrasya Yenilikçi Toplum Derneği* [www.eurasiavision.eu](http://www.eurasiavision.eu)
- Spain: *Indepcie* [www.indepicie.com](http://www.indepicie.com)
- Cyprus: *Synthesis* [www.synthesis-center.org](http://www.synthesis-center.org)
- Italy: *Tatics* [www.tatics.it](http://www.tatics.it)

All partners attended the meeting, both in person and virtually. Following the conclusion of the meeting, the partners enjoyed a city tour of Green Bursa, exploring its iconic landmarks.

## Susdevalues E-learning Platform

During the meeting, partners engaged in a productive discussion on the topic of e-learning. They explored various aspects, such as the integration of e-learning methods into the project's framework, potential platforms to be utilized, and the development of engaging online educational resources. The collaborative exchange of ideas and insights regarding e-learning served as a valuable component of the meeting, fostering innovative approaches to enhance the project's overall effectiveness in knowledge dissemination and skill development.
